The CULMS Newsletter

CULMS is the Community for Undergraduate Learning in the Mathematical Sciences.

This newsletter is for mathematical science providers at universities with a focus on teaching and learning.

Each issue will share local and international knowledge and research as well as provide information about resources and conferences.

Editors:	Bill Barton,	The University of Auckland
	Greg Oates,	The University of Auckland
	Mike Thomas,	The University of Auckland

Published by:	The Mathematics Education Unit, The University of Auckland, Private Bag 92019 Auckland, New Zealand
