

# New Zealand Association of Humboldt Fellows Research Award

## Purpose of Award

This award recognises the academic achievements within the past five calendar years of a member of the New Zealand Association of Humboldt Fellows. It is presented at the biennial meeting of the NZ and Australian associations.

## Eligibility

A recipient must be a member of the New Zealand Association of Humboldt Fellows and **based** in New Zealand in the year of nomination.

## Application Process

1. A call for applications will be made prior to a planned Biennial Meeting of the Association via a notice to all members.
2. All applications should be submitted by email to the President of the NZvHF by the nominated closing date.
3. Applications will be considered by an awards committee which will include in its membership the current President and Vice-President of the NZvHF.
4. We reserve the right not to make a Research Award if there are no nominations or if the nominees are considered not to have fulfilled the criteria.
5. An application which is not successful in one round may be updated and resubmitted in a subsequent round, should the nominee still satisfy the eligibility criteria.

## Assessment

1. The Research Award will be based on the significance of at most five nominated research or equivalent outputs (e.g. peer-reviewed papers, performances, patents) within the **five calendar years** prior to the application.
2. An application comprises a curriculum vitae (up to 3 pages summarising the full career); a statement of at most 500 words which identifies up to five pieces of research published during the previous five calendar years and explains their significance; and the names of two referees who may be approached for assessment of the nominated works.
3. Applicants will be assessed on the basis of the information provided in their application. We may approach external reviewers for advice on the merits of the application.

4. The successful application will be announced formally at the subsequent Biennial Meeting of the NzvHF.
