

# **SUMMER SCHOLARSHIPS IN MATHEMATICS**

The Faculty of Science and the Department of Mathematics are offering a number of scholarships for undergraduate students to work as research assistants in the Department during the summer vacation. Successful students will work in the Department for 10 weeks and receive a scholarship of \$5000.

The criteria on which these scholarships will be awarded include students' academic records and their potential to contribute to work in a research group. Priority will be given to undergraduate students who have taken some stage 3 courses in Mathematics, who will be returning to Auckland University in 2011, and who have not previously held a summer scholarship. If you are involved in research already or have a particular project in mind, this will be an advantage.

A list of possible supervisors and projects is on the department website. If you are interested in applying for one of these scholarships, then speak to one or more of the supervisors on this list. You are also invited to contact the departmental summer scholarships coordinators:

Dr. Steven Galbraith, Ext 88778, Room 328

Dr. Claire Postlethwaite, Ext 88817, Room 414

Application forms are available from Department of Mathematics website or Main Office (Rm 303). You must provide a copy of your academic record with your application.

**Applications close on  
Friday 27 August 2010**

## Application Form

### Summer Scholarships in Mathematics

To be returned to Dr Steven Galbraith, Room 328,  
Department of Mathematics  
by Friday 27 August 2010

Family name:

First name:

ID Number:

Telephone No:

Address:

Email address:

Degree enrolled in:

Major:

Will you be enrolled at the University next year? If so, for which degree?
